

2022 ARMA Awards

N.G.W. Cook Ph.D. Dissertation Awards

Huang Yao, University of Pittsburgh. "Analysis of Sleeve Fracturing and Burst Experiments for Measurements of In-Situ Stress and Rock Fracture Toughness".

M.S. Thesis Award

Mustafa Can Suner, West Virginia University. "The Effect of Natural Fractures on the Mechanical Behavior of Limestone Pillars: A Synthetic Rock Mass Approach Application".

Rock Mechanics Research Award

Yevengy Samarkin, Mahmoud Desouky, Murtada Aljawad, Abduljamiu Amao, Theis Soling, Khalid Al-Ramadan, KFUPM; **Murtadha J. AlTammar, Khalid M. Alruwali**, SAO. "Hydraulic Fracture Conductivity Sustenance in Carbonate Formations Through Rock Strengthening by DAP Solution."

ARMA Distinguished Service Award

Senior Member

Hill Montague, ARMA staff

Young Professional

Bisheng Wu, Tsinghua University

Student

Aly Abdelaziz, University of Toronto
