Purdue University

John W. Rudnicki
Northwestern University

Wolfgang Wawersik
Retired, Sandia National Lab

Paul Young
Emeritus, University of Toronto

Mark Zoback
Stanford University

September 5, 2024

Dear Colleague,

On behalf of the ARMA Fellows, it is my pleasure to invite nominations of candidates for induction as ARMA Fellows.

Election to Fellow is recognition of an individual's outstanding achievements in the field of Rock Mechanics. The title of Fellow is granted to selected individuals by their peers and is evidence of the individual's expertise, judgment, and wisdom in the field of Rock Mechanics.

A cohort of five ARMA members may nominate an ARMA member by submitting a nomination package to ARMA's Executive Director Eric Gustafson <eric@imigroup.org> **by December 1, 2024**. The package must address the "Criteria for Fellow Membership" and include the other components identified in the Fellows brochure.

Details and the Nomination Package are available at <https://armarocks.org/about/fellows/nomination-process/>

Please consider nominating a deserving ARMA member for this important recognition.

Thank you.

Sincerely,

A handwritten signature in black ink that reads 'Joseph F. Labuz'. The signature is fluid and cursive, with the first name 'Joseph' and last name 'Labuz' clearly legible.

Joseph F. Labuz
Chair of Fellows
