

## Personal Bio

### Vital Stats

Full Name: Gang Li

Affiliation: Anadarko Petroleum

Position: Sr. Staff Rock Mechanics Engineer

### Biography

Gang Li is a Sr. Staff Rock Mechanics Engineer at Anadarko Petroleum. His research interests include new development on laboratory rock mechanics, wellbore stability both onshore and offshore, and completion optimizations. Gang holds a PhD degree in geomechanics from Yamaguchi University in Japan. He is the recipient of 2009 Rocha Medal from International Society for Rock Mechanics. He is a member of ARMA Publication Committee and has served as section developer/chair for several ARMA Symposiums.

### Education

Yamaguchi University: Ph.D. Geomechanics 2007

Yamaguchi University: M.S. Geomechanics 2004

Shanghai Jiaotong University: B.S. Material Engineering

### Awards and Major Publications

Gang Li, Y. MIZUTA ,T. ISHIDA, H. LI, ,S. NAKAMA, T. SATO, 'Field Stress Determination from Local Stress Measurements by Numerical Modeling', Int. J. Rock Mech. Min. Sci, Volume 46, Issue 1, January 2009, Pages 138-147.

"Rocha Medal" by International Society for Rock Mechanics (ISRM) 2009
